## MADSTONE IN GUTHRIE.

IT IS OWNED BY MRS. EMMA DEARUM.

The Stone Applied to the Wounds of Mrs. Harry Poe, Who Was Bitten by a Mad Dog at Seward.

Mrs. Harry Poe, residing two and a half miles west of Seward, who was bitten by a mad dog Sunday, mention of which was made in Tuesday's LEADER, was brought to this city yesterday afternoon by her husband. The injuries, done the unfortunate woman by the mad canine were frightful in the extreme. The teeth of the brute sank into the hand in six or seven places, while her face and throat were terribly mutilated. Dr. Kimberly cauterized the wounds and Mrs. Poe at once left her home intending to go to Winfield, Kan., to test a madstone owned by parties there.

Upon arriving in Guthrie yesterday it was learned that a madstone was in this city, it being in the possession of a lady named Mrs. Emma Dearum. Mrs. Poe was at once taken to the residence of Mrs. Dearum, where the stone was applied. It was first boiled in milk, and upon being applied to the incisions on the hand adhered. At a late hour last night all the poison in the hand had been sucked out, and the stone is now sticking fast to the wounds on the neck. The dog was killed by Mr. Poe.

### MUST BUILD BRICK CHIMNEYS.

Fire Chief Taylor Proposes to Have the Ordinances Enforced.

Fire Chief Taylor was out yesterday serving notice on a number of property owners regarding the matter of building brick chimneys on their buildings. The people have been very lax about this matter, but henceforth they will suffer if the ordinance governing the building of brick chimneys is not complied with. All buildings within the fire limits of the city must have brick chimneys. This is imperative. Although the city boasts of a paid fire department, citizens cannot be too careful in the matter of fires these windy days.

Build brick chimneys on your houses or suffer a heavy fine.

### CUT A NEW CHANNEL.

Overlook of the Canadian River Have With a Frown.

C. Merkle, residing near Oklahoma City, was in the city yesterday. Mr. Merkle says that the Canadian river at its recent high stage cut out a channel on his fine claim, washing away house, vineyard, orchard, etc., ruining his farm and leaving him homeless and almost destitute. The result of four years hard labor and saving of money were destroyed. Merkle's claim was well improved, there being ten acres of fine timber thereon.

The Pawnee Homestead Company of Muskogee, I. T., have filed papers of incorporation with the territorial secretary and received a charter.

### Amusements.

The Cutler dramatic company opened an engagement under a tent opposite the Arlington hotel last night. The company plays a repertoire and promises to give satisfaction during its stay in the city.

The Payton dramatic company opened a five nights' engagement at the McKennon opera house last night. "Only a Farmer's Daughter" was the bill and the play was creditably mounted, with Isaac Payton and Mattie Keene, popular favorites, in the leading roles. Many people, friends of the Paytons, overlooked the arrogant opera house management for a season and enjoyed the performance.

### A Solid Institution.

The statement of the Capital national bank of Guthrie, as published in THE LEADER, shows that institution to be in a splendid condition. This bank has the largest capital, including individual profits, as well as the largest cash and sight exchange of any bank in this section. Its officers and di-

rectors are men of well-known stability and standing. The Capital national is as sound as a rock and is advancing with great strides.

### Coal at Perry.

That enterprising and thrifty ally, the Perry Democrat says: That there is coal near Perry seems without doubt. Mr. H. C. Schilling brought to the Democrat office yesterday some specimens of slate and coal taken from the ground a few miles from Perry which speak plainly that coal can be found in large quantities in this section. There is every reason to believe that mines will be in operation here within a short time. Companies are already talked of and some prospecting will be done soon.

### Their First Run.

### A Deserted Village.

W. C. McMiller of Woodland, county N., was in the city yesterday. Mr. M. says the new strip town is almost deserted, all the people having gone to Perry.

### Perry Will Win.

The political cauldron is fairly boiling over at Perry and the saloons are reaping rich harvests from the men with municipal bees in their bonnets, who are followed about by an army of "friends." THE LEADER man visited Perry yesterday and during his rounds noticed evidences of prosperity on all sides. Perry will win.

### A Rocky Light System.

The electric lights, both globe and arc, went out last night, presumably to take a drink. Oh, what an abominable electric light system Guthrie does possess.
